

## REVERIE BAR

What can we get you?

Here is where masterful mixology happens at home. The Reverie Bar is the upright, well-stocked grown-up in the Reverie Case family.

Exhaustive research of mirrored back-bars with their mesmerizing array of booze-filled bottles and cocktail glasses with artisanal ice provided the inspiration.

An alluring mix of ice-like glass textures present a sense of anticipation of what's inside. Doors open to reveal a display-ready, functional space to conjure up an entertaining reverie. Tinted glass shelves for your Nick + Noras; a prep surface for bottles and bitters; a wood drawer for corkscrews, jiggers and strainers, and a pull-out tray to do the important work. Display finer bottles and decanters on the shelf below.

L'chaim!

Made entirely by hand in California
