TRIAD DESK

The work of artist David Nash was part of the motivation behind the Triad Desk, 3-Way and Triad Nesting Tables. His use of solid forms and balance created a tension that inspired this design. We welcomed the opportunity to juxtapose two very different materials - in this case wood and acrylic in a larger scale to its predecessors. The Triad Desk has pencil, supply and hanging file drawers along with thoughtfully considered wire management options.

The Triad Collection's scale and mass are particularly suited to the application of the Premium Veneers selected exclusively for these pieces.
