

FINISH OPTIONS

Depending on the fixture chosen, the following finishes are available:

POLISHED METAL

Base metal polished to a high lustre and buffed using jeweler's rouge. Finish is clear-coated. Base metal is the same as the finished surface metal, except for polished nickel finish. (This is nickel electroplated over brass or bronze base metal.)

P/B	Polished Brass
P/CP	Polished Copper
P/N	Polished Nickel
PC	Polished Chrome
PA	Polished Aluminum

SATIN METAL

Base metal is finely satin-buffed, then clear-coated. The base metal is the same as the finished surface metal, except for Satin Nickel finish. (This is nickel electroplated over a satin brass or bronze base metal.) *For the exterior products only, satin copper is unlacquered. It has no protective coating and will patina over time.

S/A	Satin Aluminum	S/B	Satin Brass
------------	----------------	------------	-------------

GOSSAMER METAL

Base metal finely satin-buffed, producing a subtle circular pattern that gently catches light and shadow, then clear-coated. Gossamer Gold is finished with a tinted top coat.

G/A	Gossamer Aluminum
G/G	Gossamer Gold (brass)

ANTIQUED METAL

Base metal finely satined-buffed, gently hand-rubbed with a darkening agent. Clear lacquer or clear powder coat is applied to protect the finish.

AB/B	Antiqued Boyd Brass
A/CP	Antiqued Copper
BK/BS	Blackened Brass
BR/BZ	Burnished Bronze

PAINT

White	True white, satin finish
WG/P	White Gold Paint
YG/P	Yellow Gold Paint
T/W	White primer

ORMOLU SERIES

Solid yellow bronze casting. Nickel finish is nickel electroplated over yellow bronze.

A/YBZ	Antiqued Yellow Bronze
BK/YBZ	Blackened Yellow Bronze
NK	Bright Nickel

ASPEN SERIES

Solid bronze casting with wood grain texture. Nickel finish is nickel electroplated over bronze.

D/BZ	Dark Bronze	L/BZ	Light Bronze
N/BZ	Natural Bronze	NK	Nickel
