

## Shelby K. Smith

Shelby K. Smith is a modern geometric artist whose work explores the harmony between color, shape, and space. Her art is a celebration of structure and simplicity. It invites the viewer into a space of stillness and exploration—where precision meets spontaneity and where pattern-based designs create a sense of calm, balance, and order. Color is at the heart of her work. She sees it as both a subject and a medium, capable of shifting perception, creating rhythm and inviting an emotional response. Whether vibrant or subdued, each color palette is designed to uplift the spirit and evoke in the viewer feelings of joy and delight. Smith incorporates a range of different textures into her artwork. Many of her paintings include the use of textiles as a backdrop for the painted canvas.

## *Blast Off*, Original Painting

### Specifications:

- TITLE: *Blast Off*
- DIMENSIONS: 40 x 40 in
- MEDIUM: Acrylic on Exposed Linen
