A plush seating surface and back made using off-cut/remnant layers of natural merino wool felt, held together with STACKLAB's signature plated steel clamping hardware. An interstitial plated steel brace identical in thickness to a felt layer, stiffens the stack to prevent racking.

Seat and back can be specified in square or radius.

Standard wood legs can be replaced with matching metal legs.

Dimensions

- 18 3/4" W x 20 9/16" D x 32 5/16" H (Square or Radius)
