## HEDGE MEDIA

Inspired by Japanese Noren curtain panels, the doors slide effortlessly to reveal and conceal entertainment components within. The vertically integrated handle provides a pleasing pull and appears to peel back the curtain. Alternating grain direction on the doors subtly play across the lateral face of the case.

Adjustable shelves and dividing walls have notches to manage all cords and wires between compartments and out the back.

## DIMENSIONS

75"L x 20"D x 23"H

## WOOD/FINISH

Case + Legs available in all TB standard wood and painted finishes
