Jupiter Collection | Dinette

The Jupiter dinette pairs STACKLAB's signature solid metal Jupiter castings with an organic, solid joined-hardwood or custom solid stone tabletop.

Honoring central-eastern Canada's manufacturing heritage, the Jupiter legs, available in iron, aluminum and bronze, are cast in sand – the same process used to produce machine parts for heavy industry. The sand-casting process produces faintly perceptible irregularities that enhance the leg's tactile appeal.

Dimension

Up to 70" W x 70" D x 29 1/2" H
