

HILLIARD

ORACLE CHANDELIER

DESIGN

The Oracle chandelier features a faceted glass outer shell inspired by the surface of a cut gemstone. Composed of carefully cut and cold worked glass panels with a frosted interior, this surface catches ambient light from its reflective interior surface and its LED light source. Catching ambient light and producing its own creates captivating interplay of light and shadow adds a sophisticated depth and a soft, ambient glow to the surrounding space.

FINISHES

Matte Black Bronze, Smoke Frosted Glass, & Silver Interior, additional glass options available
